## CARMAC K AND PADGETT WILL SPEAK HERE MONDAY.

### NEWS AND COMMENT.

Gov. ROOSEVELT was pelted with eggs and vegetables at Elmira, New York, Monday.

OVER \$20,000,000 worth of gold dust and bullion has been received at the assay office at Seattle, Wash., the present year.

THE thought of McKinley's possible death, and Roosevelt's succession to the presidency, should deter any self-respecting man from voting the Republican ticket.

MILWAUKEE people Sunday enjoyed the novelty of a sermon preached by a newspaper reporter in reply to a previous sermon by the pastor on his opinion of the press.

It is said that the presidency of Washington and Lee University, made vacant by the death of William L. Wilson, will be offered to ex-President Grover Cleveland.

PEOPLE who like to infer things from signs and portents may draw an inference from the fact that McKinley recently reached Canton or the same day that Bryan reached Washington.

MR. BRYAN addressed a monster gathering at Madison Square Garden, New York, Saturday afternoon. Wild enthusiasm prevailed among his hearers, and the ovation tendered him was a splendid one.

MR. AND MRS. BRYAN attended Dr. Parkhurst's church in New York Sunday morning, and on their way back the crowd that surrounded them was so dense that several policemen had to go in advance and clear a way.

THE Rev. Henry Russell Pritchard, the oldest minister of the Christian Church in the United States, an intimate friend of Alexander Campbell, its founder, and a native of Kentucky, is dead at Chesterfield Ind., aged eighty-one years.

New York people are still talking of the great Bryan demonstration in that city Saturday night. The Republicans will try to meet it next Saturday with a parade from the Battery to Forty-ninth street. The Republicans are also alarmed about New Jersey, and are preparing to tap a few more barrels of trust money.

LONDON welcomed the returning City Imperial Volunteers Monday, but at frightful cost. The list of casualties among the multitude was larger than that of the whole corps in its twenty-six engagements in South Africa. More than two hundred were treated at hospitals and police stations. Eight or ten were killed outright. The worst disasters were at the Marble Arch, at Lindgate Circus and in Fleet street. The celebration became a drunken orgy at night.

#### A Love Feast.

McMINNVILLE, Oct. 29.—Dr. Ransom submitted a report from the Bible Cause Committee, showing the usual amount collected. The treasurer of the Sunday-school board reports collections to the amount of \$133.43.

Dr. G. D. French, agent of the American Bible Society, addressed the conference.

Dr. D. C. Kelly offered a resolution, requesting preachers to take up a collection for the Galveston churches.

The joint Board of Finance made a report on the trust fund, showing \$15,127 invested; also on assessments and how distributed.

The appointments will in all probability be read out to-night.

McMINNVILLE, Tenn., Oct. 28.—At 8 a. m. the conference assembled in the last conference love feast of the nineteenth century, which was led by W. J. Collier. Such a love feast might well mark the close of the century. As the preachers told of their hardships and affliction, of their faith in Christ and triumph through God's grace, there were tears and sobs and handshakings and hallo-lujahs. The climax was reached when Dr. Orman, who joined the conference at McMinnville, in 1858, arose and gave in an interesting experience. At the close of his talk he called on Dr. William Green, who joined with him in 1858, to come forward and shake hands with him before the altar, saying with emotion: "We shall not be here when the conference meets again in McMinnville." Then W. D. Cherry, William M. Green and J. A. Orman, the surviving members of the class of 1858, stood together while the conference surged around them to shake their hands, and thus amid tears of joy, song of praise and shouts of triumph, the conference love feast of 1900 came to a close.

At 11 a. m. Bishop Galloway preached on "The Pre-Eminence of Christ." His text was from Colossian 1: 18.

At the close of the Bishop's sermon at 11 a. m. to-day, the following were ordained deacons: J. Allison Molly, John Durrett, E. P. Anderson, John L. Roby and E. F. Hudgens.

At 3 p. m. Dr. Hoss delivered an earnest, practical, instructive and pointed sermon on the work of the ministry, showing what ought to be the personal character, the domestic life and official work of a preacher in the church of God.

At the close of Dr. Hoss' sermon the following men were ordained elders: M. P. Woods, J. F. Bumpus, J. W. Hatcher and James M. Vaden. The conference met in memorial session at 7 p. m. Bishop Galloway in the chair. The memory of A. H. Reams was read by J. H. Nichols. The memoir of J. J. Pitts was read by J. D. Barbee. The memoir of J. C. Rice was read by D. C. Kelley. Interesting and pathetic talks concerning these deceased preachers were made by several preachers. Dr. Matthews was especially soul-stirring in his talk about Brother Dorris, whom he knew in 1849.

All the churches of the city opened their pulpits to the preachers of the conference to-day. The appointments will likely be read Monday night, but we may not get them before Tuesday morning. It is reported however, that the Bishop and his cabinet will be ready Monday night.

### A FEARFUL LOSS OF LIFE.

Wholesale Drug House Wrecked and

MANY ARE KILLED OR INJURED.

150 Persons, Mostly Girls, in the Building at the Time—Houses Damaged For Blocks Around.

Special to the HERALD:

NEW YORK, Oct. 29.—Shortly after noon to-day a series of terrific explosions took place in the building of Tarant & Co., wholesale druggists. The entire building was wrecked, and adjoining property was damaged to a large extent.

There were 150 persons, mostly girls, in the building at the time, and, while no accurate estimate can be made, the loss of life is known to be fearful. Many persons on the outside of the building were killed and injured, and but few on the inside, it is thought, escaped.

Buildings for blocks around were damaged by the explosion. The cause cannot yet be ascertained.

#### MR. WENDLING'S OPINION.

He Thinks Bryan Will Carry Indiana Ohio and New York.

Hon. Geo. R. Wendling, who is an intimate friend of Col. William Jennings Bryan, and, besides being a great lecturer, is also a distinguished politician, stated to a Chronicle reporter in Mt. Pleasant this week that he thought Bryan's chance for election was very bright, and it was his opinion that he would carry Indiana, Ohio and New York. Of these states he regarded Ohio as the most certain, and gave his reasons as follows:

"Well, there are several things in operation in that state that brings me to the conclusion that the state will go democratic. In the first place, Mark Hanna, undoubtedly the most unpopular man in American politics, is not so generally and cordially disliked anywhere else as he is in his own home state. Thousands of Republicans detest him and are in open revolt against him. Then, there is the brutal treatment of the late Senator Sherman by kicking him out of the United States Senate to make room for Hanna, followed by his removal from the cabinet, which alienated the friends of Sherman, and they are fighting the Administration strongly. And also, the treatment of Gen. Miles, Senator Sherman's brother-in-law, is another thing that is having its influence against Mr. McKinley. But the most powerful element in the campaign in Ohio this year is the great strength of Golden Rule Jones, of Toledo, and that is now arrayed almost solidly for Bryan. Jones has the most remarkable following of any political reformer in the country. He polled 110,000 votes last year in his race for governorship and he says he will be able to deliver not less than 80 per cent of his strength to Mr. Bryan. For these reasons I confidently believe Ohio will go democratic."

#### LEAPED FOR LIBERTY.

Noted Moonshiner Makes a Daring Escape.

CLEVELAND, Tenn., Oct. 28.—Jerry Jenkins, a notorious moonshiner, and his son were caught yesterday by officers in the edge of Monroe county, near the North Carolina line, were tried here to day and both bound over to the Federal Court. The officers started with the couple for the jail in Chattanooga, and when a short distance out of Cleveland, and while the train was moving at a high speed, old man Jenkins broke away from the officer and leaping from the platform of the car escaped in the woods. It was said to have been one of the most daring and reckless leaps for liberty ever made in this section.

#### NEGRO ARRESTED.

Suspected of Killing a Nashville Grocer with a Billet of Wood.

NASHVILLE, TENN., Oct. 28.—William McHugh, an East Side grocer, who was attacked by a footpad near his home last Wednesday night and struck over the head with a billet of wood, died at the City Hospital this morning. A young negro named Arthur Biddle is under arrest, suspected of the crime. McHugh leaves several children, his wife being dead.

#### DIDN'T COME.

Mayor Head Fails to Fill His Appointment.

Mayor J. M. Head of Nashville, who was announced to speak at the courthouse Saturday night, failed to fill his appointment. A good-sized crowd was in attendance at the courthouse, who were very much disappointed over his non appearance. Short talks were made by Messrs. Wharton and Padgett and Maj. Williamson, however, and the time was thus passed pleasantly by.

### THE STRIKE ENDED.

President Mitchell Declares Victory so Nearly Complete as to Justify a Return.

HAZLETON, PA., Oct. 25.—Following is a part of the statement given out to night by President Mitchell of the United Mine Workers: "Temporary Headquarters, United Mine Workers of America, Hazleton, Pa., Oct. 25.—To the Miners and Mine Workers of the Anthracite Region—Gentlemen: After carefully canvassing the entire strike situation, we, your officers, district and county, have concluded that your victory is so nearly complete that no good end can be served by continuing the strike longer. The contest has been in progress for thirty-nine days, and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Scranton convention of Oct. 12 and 13.

"We are aware that some disappointment and dissatisfaction has been caused by the failure of the operators in districts 1 and 7 to separate the reduction in price of powder from the advance in wages, but after careful inquiry we are satisfied that each mine employee will actually receive an advance of 10 per cent. on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended, and that wages should remain stationary at 10 per cent. increase until April 1, 1901, thus removing one of the inequities of which you have complained for many years.

"While it is true that you have not secured redress for all your wrongs; while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began."

### BIG DEMONSTRATION.

Democracy Holds an Enthusiastic Meeting in Chicago.

CHICAGO, Oct. 27.—Probably the largest outdoor political mass-meeting ever organized in Chicago was held to-night in the half-mile of State street, known as the "Court of Honor." The great thoroughfare, nearly twice the width of any other street in Chicago, was thronged from Van Buren to Randolph streets with a cheering, jostling mass of people.

Chairman James K. Jones, of the Democratic National Committee, had designated this as "flag day," and the national banner played an important and spectacular part in the celebration. Portraits of Bryan and Stevenson were also numerous along the broad street. The weather was perfect for an outdoor demonstration.

Along both sides of State street speakers' stands had been erected at short distances, and from these points Democratic orators of national prominence addressed the portions of the multitude nearest at hand. The chief speaker was Adlai E. Stevenson, former Vice-President, and again a candidate for that office.
